ocw.mit.edu

MIT OpenCourseWare (OCW) is a web-based publication of virtually all MIT course content. OCW is open and available to the world and is a permanent MIT activity.

ec.europa.eu

The Science in Society (SIS) Programme addresses societal engagement from many perspectives, such as encouraging dialogue between scientists and other members of the public, by promoting an adherence to ethical standards, and by developing better ways for the results of research to be accessed by all. The SIS Programme also supports new ways to interest young people in science and in research careers, and new ways to achieve greater gender equality in science.

Experiencias de ciencia colectiva

[|brain-map.org](https://brain-map.org)

A growing collection of online public resources integrating extensive gene expression and neuroanatomical data, complete with a novel suite of search and viewing tools.
